

Item description/product images

Description

Product description:

Elastic spiral cable for securing components to appliances or fixtures. The spiral design permits the secured component to be used over a wide area relative to the anchor point.

Material:

Spiral cable PUR.
Eye copper, stainless steel 1.4301 or stainless steel 1.4401.
Key ring steel, stainless steel 1.4301 or stainless steel 1.4401.

Version:

Spiral cable black or grey.
Eye electro zinc-plated copper.
Eye stainless steel, bright or black passivated.
Key ring chromed steel or bright stainless steel.

Note:

Elastic spiral cable to secure equipment parts. Very good reset force, robust and wear-resistant.

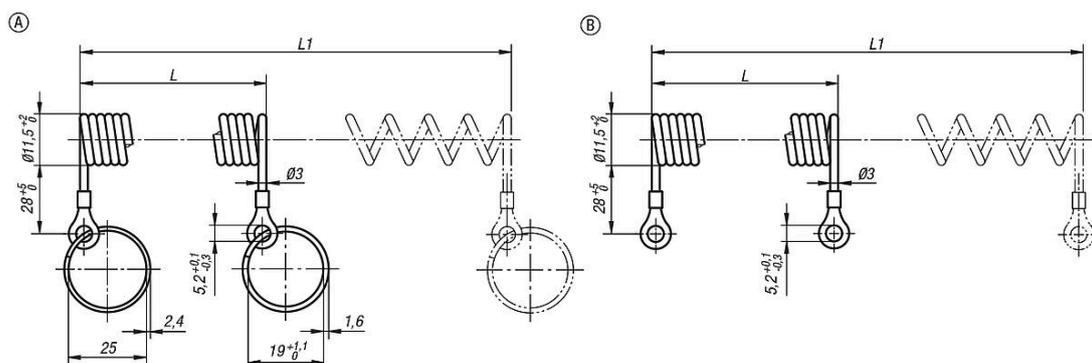

Application:

For securing loose tools or other components to appliances and equipment.

Drawing reference:

Form A: with key ring
Form B: without key ring

Drawings

Overview of items

Safety spiral cable
